ANOTHER ATTEMPT

Burley Tobacco Growers Will Meet at Cincinnati May 10th

A meeting of the Burley Tobacco Growers Association has been arranged to take place at the Grand Hotel, Cincinnati, on May 10th.

It is expected that about fifty or sixty members of the Association, including President W. R. Hawkins of Lexington and Archibald Stuart of Cincinnati, will attend.

Preliminary steps for controlling the marketing of this year's burley, now in the ground, will be undertaken.

The several offers that were made the Association last winter to finance the crop will be talked over.

It is the intention of the growers to have all the details concluded before the tobacco is ready to be marketed.

The fact that the growers needed money caused the abandonment of the scheme this spring, but the promoters believe that if the financial men will do their part before the fall, when the tobacco has matured, the plans will meet with success.

It is known that Archibald Stuart has been in communication with men who are ready to back the deal for some time, and he may make a report to the growers at the coming meeting. It is recalled that Stuart, during the last winter, went to New York to secure financial assistance and was blocked. Finally he secured aid, but it was too late, as members of the Association, released from their contracts, sent their tobacco streaming to the markets at Cincinnati and Louisville because they needed money.

STERILIZED CREAM

Is unsweetened and simply cow's milk of the best quality reduced to a creamy consistence by evaporation in vacuo and thoroughly sterilized. It is nothing like condensed milk, and is the best cream you can get for breakfast foods, fruits and coffee. It is inexpensive. Use it once and you will always use it. Ask for the Ferndell Brand.

KUSHMAN KILGORE.

Kushman Kilgore, aged 18, died yesterday morning of spotted fever at the home of his parents, near Mayslick. He had been ill about three weeks.

COLONEL S. P. SALTER

Death Monday in Garrard County From a Paralytic Stroke

Colonel S. P. Salter, one of the landmarks of the light harness reinmen, died at Bryansville, Garrard county, late Monday, from the effects of a stroke of paralysis.

Mr. Salter formerly made his home in this city, where he has a number of friends who will regret to learn of his death.

He was well known to the lovers of trotting horses, being himself a breeder of many fine racers.

Dan Cupid, 2:07½, was owned by him.

VICIOUS KNIFE PRACTICE

A Couple of Augusta Boys Engage in a Cutting Scrape

Last night about 8 o'clock the C. and O. Depot ground was the scene of an altercation between Ollie Martin, aged 18, and Russell Best, aged 19, in which the latter was slashed in the face with a knife in the hands of the former.

The injured boy was taken to the office of Dr. Yazell and his wound properly dressed, while the lad who used the knife so viciously was placed in Jail.

Both boys were from Augusta, and were more or less under the influence of liquor.

The matter will come up before Judge Whitaker today.

Policeman Wallace was the arresting officer.

VERY PRETTY SIGHT

Was the Balloon Ascension at the War Show Yesterday

The balloon ascension and parachute drop yesterday afternoon—a free exhibition given by the Boer War Show—was the finest and best ever witnessed in this city.

The big balloon after attaining a high altitude sailed North passing over the Ohio river and dropping on the brow of the hill.

While high in the air the man sitting in the trapeze attached to the parachute would now and then drop a bomb which would explode with a loud report just before reaching the water.

The parachute came down near Mr. Brookover's house on top of the hill.

The beautiful sight was witnessed by thousands of delighted people on both sides of the river.

ANOTHER NARROW ESCAPE

Why Will People Walk Where They Have No Business?

Tuesday a man and wife and seven children were trudging unconcernedly along the C. and O. track just beyond Bridge street when a yard engine whirled around the curve just this side of Commerce and came within an ace of running down the whole push.

When the mother saw the threatening danger she stood bravely by her brood until the last one had been transferred to the opposite side of the track.

They were walking with their backs to the on-coming engine and did not hear it until nearly upon them.

It was the watchfulness of the Engineer that saved them.

It seems like wasting words in cautioning people about walking on railroad tracks. They persistently persist in doing it regardless of the danger they incur.

How to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach, or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by all Druggists.

Rev. H. E. Roseberry will preach Sunday at the M. E. Church, South, at Flemingsburg.

The Nicholas Fiscal Court has made a levy of 50 cents on the \$100 for the various funds.

Frederick Maggraff of Augusta has been granted a patent on a clamp, and Fred A. Neider of the same place has secured a patent on an apparatus making carriage knots and also making split shank curtain knots.

Dr. Louis Landman, who for twelve or fourteen years has been making regular trips to Maysville, expects to go to Europe in July, to spend a year, making a special study of the ear and throat. Dr. Landman's eldest son is a Rabbi; the second son graduated this year from the Ohio Medical College and from a large class was elected interne of Christ's Hospital. He will have charge during his father's absence of his Cincinnati practice.

FLOUR—DOWN SHE GOES—FLOUR.

Wheat has declined so has price of Flour.

M. C. RUSSELL CO.

TOBACCO SITUATION

Colonel Thomas M. Russell Interviewed in Cincinnati

Cincinnati Post.

T. M. Russell of Maysville at the Palace Hotel Monday said that throughout Mason and its neighboring counties in Kentucky the tobacco farmers are preparing to plant more white burley than ever before in their history.

Promoters in Cincinnati of the white burley corner to get higher prices from the Trust say that if a record crop is grown this year the corner will be hampered.

"I never saw anything like the way the land is being planted and prepared for planting," said he. "And from the early indications, the ground is going to be unusually productive."

Standard Sewing Machines at Gerbrich's

The First National Bank has declared its forty-fifth semi-annual dividend of 3%.

In the entertainment Friday night given by the Department of Physical Culture at Haywood a bright and laughable little farce will be presented as a closing number. The farce entitled "A Psychological Moment" represents a successful experiment in hypnotism by which a pupil and a teacher change places. The situations arising from the experiment are very amusing. Tickets to the entertainment 25 cents. Seats may be reserved without extra charge now at Ray's.

Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

BAD luck still follows the late TOM CAMPBELL's family. He was killed by pirates in the Bahamas, and a few days ago his wife and two sons were stranded and starved for forty-eight hours at Sandy Hook.

It is said that President ROOSEVELT will be called upon to settle the teamsters strike in Chicago, as he did the anthracite strike in Pennsylvania. This is taking undue advantage of Marse HENRI, who is absent in Europe, as the whole thing might be done before he can declare it unconstitutional.

PRESIDENT BIGELOW of the First National of Milwaukee was President of the American Bankers' Association, and a few months ago, in an address before that body, he said—

"I remind you that it has been well said that our greatest debt to FRANKLIN, one of the very greatest of Americans, has been in the lessons of honesty, thrift and economy which he inculcated and which have so enormously influenced our social, material and intellectual life."

And then BIGELOW promptly put his advice into practical effect by stealing nearly \$4,000,000.

In Chicago 2,000 teamsters are now on strike to compel Montgomery Ward & Co. to reinstate twelve garment cutters. In a day or two the entire 25,000 members of the teamsters organization will probably be out on the streets, assaulting innocent men who take employment when it is offered them, fighting the police who are performing their duty in protecting property, and paralyzing the industry of a great city.

THERE'S been a "slump" in stock gambling, and some of the reasons assigned for the decline in bets are the failure to declare N. and W. dividends as expected; no increase in dividends probable on the Pennsylvania group; liquidation in the Union Pacific group; denial that L. and N. will be placed on 7% basis; iron companies' merger is definitely off; distrust among wealthy men, who are long of the market; collapse of the May wheat deal; defalcation in Milwaukee Bank; pending naval battle in the Far East; Equitable Assurance Company's internal fight. The enumerator probably overlooked the Rev. Dr. WASHINGTON GLADDEN's fight on Mr. ROCKEFELLER's "tainted" \$100,000.

JUDGE STOUT of the State Fiscal Court at Frankfort has taken a crimp in some of Kentucky's tax-robbing methods. He has made perpetual the injunction restraining the Kentucky Board of Valuation and Assessment from attempting to arrive at a proper assessment of the American Surety Company of New York and other like Companies for state taxation by basing it on its net income from business done within the state at 6%. The Court says the State Assessing Board for Corporations must follow strictly the Section 4080 of the Kentucky Statutes in arriving at the corporate franchise of such Companies. Thanks, Judge; and a few more decisions of this sort may induce people with money to locate in Kentucky.

Helping The Heathen

What One Chicago Professor Thinks of Foreign Missions

Does John D. Rockefeller, in giving money to foreign missions, send woe and trouble to the heathen? A Professor of the University of Chicago, so richly benefited by the master of oil, offers an unqualified "yes," according to The Record-Herald.

Philanthropists who give their money to mission boards for the purpose of converting heathen Nations are malicious meddlers, according to Prof. Frederick Starr, the celebrated anthropologist, and every dollar of their misplaced cash sinks the barbarians lower and lower because of the contact with so-called Anglo-Saxon civilization.

Disregarding the sentiments of Mr. Rockefeller and of the University Divinity School which trains the missionaries, Prof. Starr declared in a lecture to students that foreign religious work was a huge mistake, and that even cannibals would be far better off without its influence.

LIKES HEATHEN RITES.

Prof. Starr told the students that the religious rites of the heathen were more tolerant than the Christian religion, which he termed too "intolerant," thereby working injury to the normal state of primitive peoples. Fancy drinks, rum, shoes, stiff shirts and alarm clocks he named as the only benefits Anglo-Saxon interference had given to the heathen Nations, and those he declared "the ridiculous monuments of our meddling."

"There is not a barbarous race in the world that we have not tried to enlighten and convert," said the Professor. "There is hardly to be found a population so small that we have not carried the torch of learning to it—never failing to bring back the cash."

"We wish to convert these barbarous peoples. Therefore our religion, which is an intolerant religion, holding that there is nothing but everlasting damnation for those who do not happen to have heard of it, sends its missionaries to foreign shores."

"It is all a mistake. An African living in an African hut after an African fashion is likely to be a better man than he would be after the Anglo-Saxon introduced his religion, his surface civilization and his rum."

REAL WORTH IS SAME.

"We think we are the chosen of God. It is my belief that the real worth of the different races is one and the same. But because we think we are in the lead we teach the heathen a great number of new drinks, for which they probably were pining."

"We are the most meddlesome race that ever existed. We meddle at home, we meddle abroad and we meddle everywhere, and it is the almighty dollar that is the reason for our meddling. That is the watchword of the Anglo-Saxons. Our missionary work is simply meddling."

"We send out our merchants and literally force the products of our so-called civilization on Nations that do not want them, and do not need them. The real reason for this is our overwhelming greed. We pretend to be so sorry that the Nations of the world are so barbarous, so we send merchants to introduce our wares—for the good of the heathen, of course."

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all Druggists.

Constipation is Bad Health

You May Try MULL'S GRAPE TONIC, a Grape Food, Without Cost.

Differs From Anything Else You Have Ever Used. Positively Cures Constipation.

NOT A PHYSIC.

You, who have been taking physic and ruining your health, will appreciate the return of strong, active, healthy bowels. It means a return of health. Beware of physic; they are dangerous. They don't cure, and you know it. Let us send you a bottle of Mull's Grape Tonic free to show you how it cures. Simply send your name and Druggist's name to Mull's Grape Tonic Co., 217 Third Avenue, Rock Island, Ill. It is a pity that you should suffer from this terrible affliction.

It is unnecessary. CAUTION—Do not accept Mull's Grape Tonic from your Druggist unless it has a date and number stamped with indelible ink on the label. The \$1 bottle contains nearly three times the size. The free bottle will not cost you a penny. Please write for it once.

While the crowd in town yesterday was not as large as Barnum Day, yet it was a good sized gathering considering this is the farmers' busiest season. Trade was fairly good, and there's no kick coming.

ONLY PARTLY TRUE.

MAYSVILLE, KY., May 4th, 1905.

Editor Ledger: The Springdale correspondent for THE MAYSVILLE PUBLIC LEDGER, dated May 1st, 1905, says Mr. L. F. Pigg is out from Maysville looking after the land that was lately given to Mrs. Pigg by her father. In answer, I will say in part this statement is not true, as I bought the land referred to and paid for it, and I have a warranty deed for it dated 1885. It is true my husband, L. F. Pigg, has been on the farm for some time, fencing and improving the place, in order to protect our interest from the Dr. Jekyll and Mr. Hyde characters—land grabbers who have been trying to make inroads upon the farm. Mrs. L. F. Pigg.

A MAYSVILLE CASE.

Many More Like It In Maysville.

The following case is but one of many similar occurring daily in Maysville. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

C. L. Hubbard, employed in Cablish's grocery, Cox Bldg., and living at 325 W. Third street, Maysville, Ky., says:

"As I stated in a testimonial given in 1900, Doan's Kidney Pills brought me positive relief from inflammation of the bladder and a disturbed action of the kidneys. After some time I felt a slight return of the trouble but again used Doan's Kidney Pills and again found complete relief. Now, after nearly five years I feel able to recommend Doan's Kidney Pills with even greater confidence than before. The results of its use in my case have been very satisfactory. I got the remedy at J. Jas. Wood & Son's Drugstore.

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
